

LEGENDS FOOTBALL LEAGUE, ATLANTA STEAM vs NEW ENGLAND LIBERTY GAME AT VERIZON WIRELESS ARENA HAS BEEN CANCELLED

(MANCHESTER, NH – Wednesday, July 13, 2016) Due to significant injuries to the New England Liberty roster, Liberty and Legends Football League (LFL) officials have decided to cancel the July 23, 2016 game vs. the Atlanta Steam at Verizon Wireless Arena.

Fans can redeem full refunds for any already purchased tickets through Ticketmaster and/or the Verizon Wireless Arena box office.

This is a disappointing and unforeseen situation, in fact this is the only cancelled LFL game of the 2016 season. The cancellation is primarily for the purpose of protecting the existing base of Liberty athletes as well as making certain we present a great football product moving forward.

New England Liberty and Legends Football League officials are committed to returning in 2017 to Manchester and Verizon Wireless Arena with a more solid roster and an entire off-season of building relationships in the community.

Please follow the New England Liberty and our off-season developments online at LFLUS.com/NewEnglandLiberty and our official Facebook page at [Facebook.com/NELiberty](https://www.facebook.com/NELiberty).

We look forward to kicking-off April 2017.
